The information in the catalog is for reference purposes. The catalog versions may differ depending on the country of distribution. These values are obtained as a result of measurements made under standardized conditions and may differ from the actual values depending on the driver's driving style, terrain, road and weather conditions, fuel used, the completeness of the car load, the model and dimension of the installed tires, as well as many other factors. The weight of the car and other characteristics are specified as standard. The elements of the armored version and other additional equipment increase the weight and change the characteristics of the car. Some of the information may be inaccurate due to changes in product characteristics that have occurred since its release. Some of the equipment described or shown in the illustrations may be available for an additional fee. Interested persons and organizations can get up-to-date information and clarifications on the contents of this catalog from the sales department of AURUS LLC or from authorized dealers of the company.
